Work Experience

PSI Software AG
Moscow, 5 years 9 months

Lead Software Engineer
dec. 2018 - current, 1 year 7 months

Responsible for full cycle of software development: documentation, development, onsite project management, montage, commissioning.
Completed 4 large projects, 2 of which were under my management.
Created Python modules for data analysis and workflow acceleration.
Set up server hardware and a network between the instrumentation and the dispatch center.
I was a mentor for a junior developer.

Software Engineer
jul. 2018 - dec. 2018, 6 months

I am the chief designer in all projects of the Oil & Gas Department.
Designed convenient and smooth UI for dispatch control systems.
Created a database structure for all our new projects in such a way that it was easy to display in the UI and have easy access for calculations in code editor.

Junior Software Engineer
oct. 2014 - jul. 2018, 3 years 9 months

Helped a team of engineers to develop software for Oil&Gas companies.
Created demonstration leak detection systems for Oil&Gas Conferences.

ILF Consulting Engineers
Munich, 3 months

Upstream Engineering Foreign Internship
Designed drawings of equipment and tools in AutoCAD 3D.
Created a detailed report about facilities alarms levels outlining its strengths and weakness.

Education

Hexlet
JavaScript. Algorithms & Data Structures in JS. 2020

Netology
HTML, CSS, JavaScript, Python, Django, 2017 - 2018

### Gubkin Russian State University of Oil and Gas
Master's degree, GPA 5, 2016 - 2018

Gubkin Russian State University of Oil and Gas
Bachelor's degree, GPA 4.3, 2012 - 2016

Skills

- HTML
- CSS
- JavaScript
- TypeScript
- Python
- Vue
- React
- Redux
- RxJS
- Git

Soft Skills

- Good communication skills.
- Constantly learning.
- Can work up to 14 hours straight if I am interested.
- Know how to diversify tasks and complete them in time.
- Pay attention to appearance and details.

Languages

- **Russian** Native speaker
- **English** Upper Intermediate

Courses

Udemy
JavaScript, Vue, React

CodeCademy
Web Development

VueMastery
Vue.js Framework

Hobbies

Games   Code   Travel   Trade
